

Bulk handling

Bin tipping systems

➤Capacity: 20 bins per hour ➤Product: fresh produce

Machine Description:

The tipping system accepts standard produce bins.

It can be loaded by means of a pallet jack or fork lift. Tipping can be manually activated through hydraulic lever valve positioned outside the perimeter fencing surrounding the bin tipper.

Hoppers are sized to suit the application.

Perimeter fence with interlocked gates to safely guard the operating personnel from the bin tipping system whilst in operation.

Made from stainless steel materials for food production uses.
