

Packing

manual pack off table

➤Product: cut salad leaf, cut / diced vegetables, herbs etc.,

Machine Description:

Product to be packed is placed on a table with high sides and a bottom sloping towards 2 or more spouts which can be equipped with quick release bag clamps above an electronic scale base. Operators will manually 'tease' the product into the bags or boxes.

The read-out for the scale is at operator height and can be fitted with an audible alarm.

The scale platform is also adjustable to cater for different bag or box sizes.

This unit can be supplied on castors for mobility. Stainless steel side tables or conveyors can be supplied as extra.
